SPECIALISTS

ATHENA FIRE CONSULTANCY

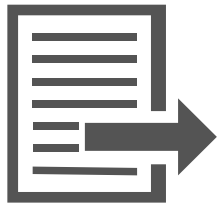

SAFEGUARDING PEOPLE & PROPERTY

SERVICES

RISK ASSESSMENTS

We provide Fire Risk Assessments as well as a combined Health & Safety, Fire Risk Assessment, which is a comprehensive report for clients wanting a one-stop-shop for their general compliance requirements.

FIRE STOPPING SURVEYS

During a building's life cycle, breaches are created in fire resisting compartments. These breaches compromise the buildings' passive fire protection. We offer a survey specifically designed to identify these breaches to ensure your property can perform at its best.

CONSULTANCY

In addition to our surveys and reports, we can assist with any of the following:

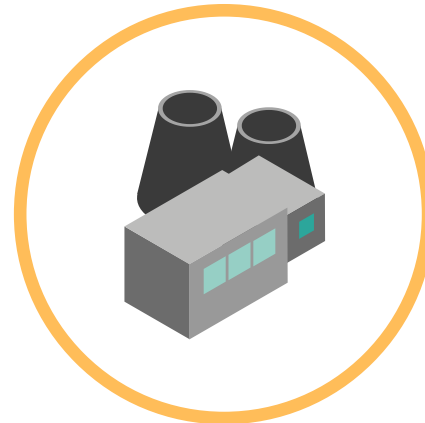

- Occupation Calculations
- Safety Sign Audits
- Fire Strategy Planning
- Fire Door Inspections
- Fire Extinguisher Requirements

RESIDENTIAL

COMMERCIAL

HOW WE DO

We have a simple, logical approach to the way in which we work, which is mirrored in the style it's presented to our clients.

The sleek design makes our reports easy-to-read with clear instructions, as well as guidance references to make implementing the actions and recommendations as simple as possible, no matter your level of experience.

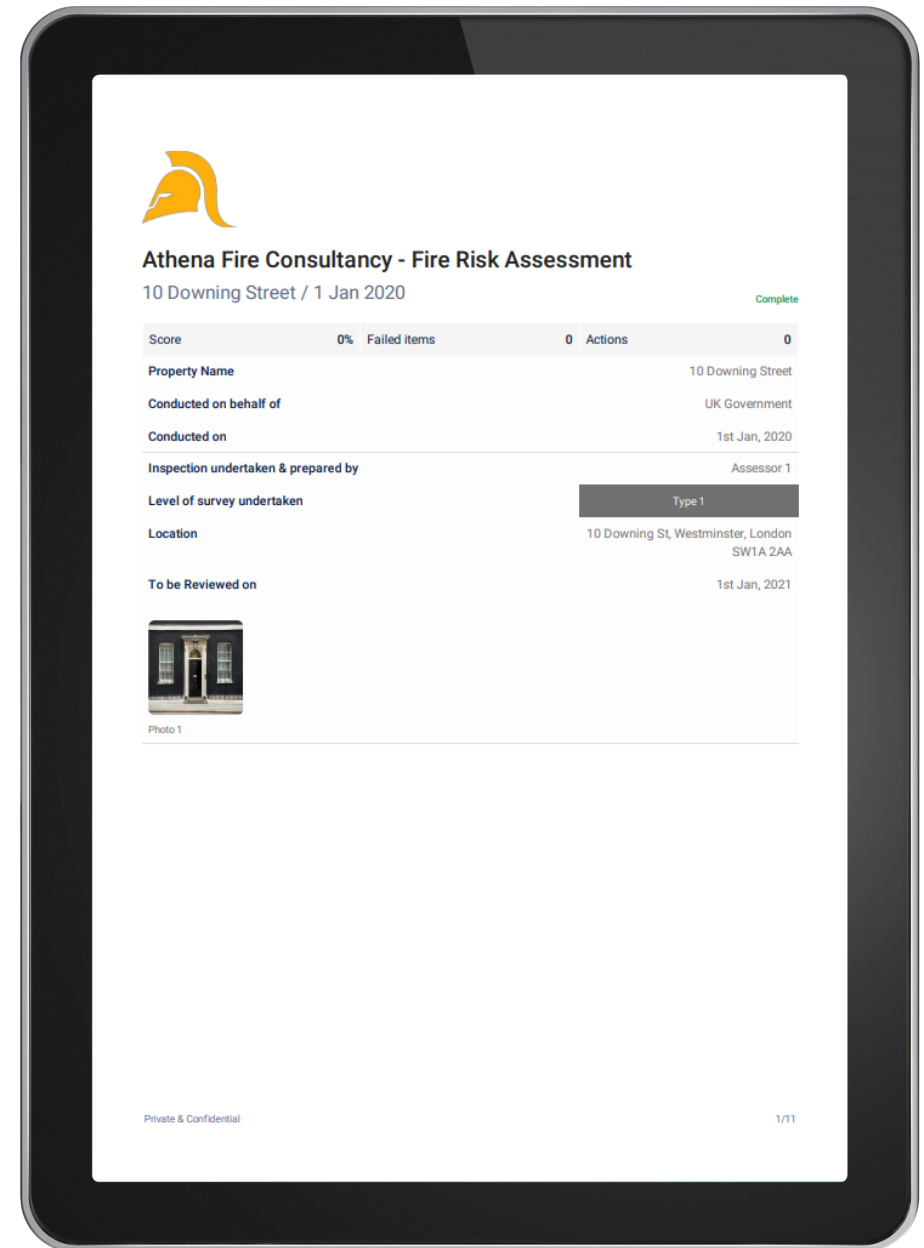

Our assessors have years of experience delivering professional and independent risk assessments throughout the South of England.

Our no-fuss, direct approach was innate in our development and is deep-seated in our on-going philosophy.

Fire safety is not something to be taken lightly, nor should it be dwelled upon. We are a direct vehicle to achieving your compliance!

WHO & WHERE

We work with all of the below plus many more across the South of England:

- Managing agents
- Freeholders
- Construction companies
- Businesses
- Property owners
- RTM companies
